EVERSFIELD

CHRISTIAN WATSON

Eversfield

SHELVING UNIT

The Eversfield is a bold, industrial design for a wall-mounted shelving unit crafted from a single piece of sheet metal. The three shelves have been sliced and bent at 90-degrees, demonstrating an extreme economy of design. This piece is available in black or white and can be manufactured in various shapes, orientations and sizes. Visit our Tailored page for more information.

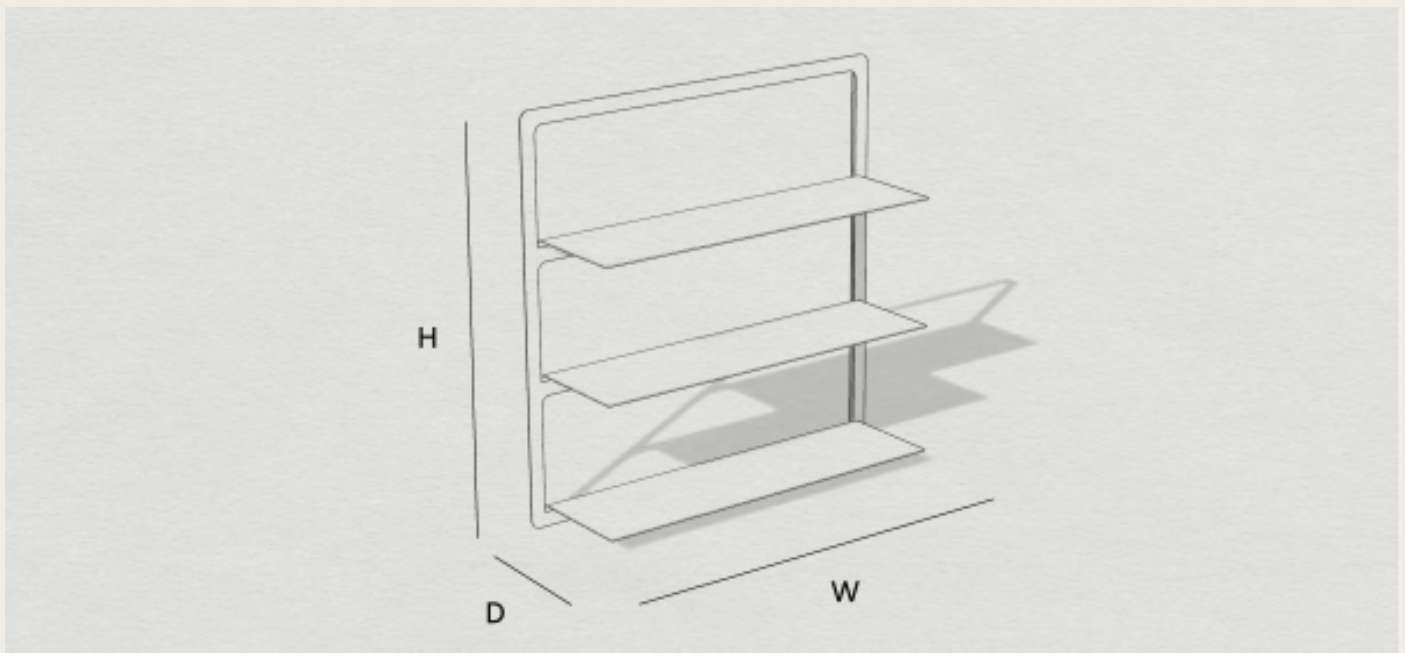

YEAR OF DESIGN & MANUFACTURED IN
